## FREMONT.

This is certainly fine November weather and the farmers are nearly all taking advantage of it and doing their fall plowing.

Lester Avery and wife have moved onto the Wright farm known as the Simon Willy homestead. Mr. Wright has engaged Lester to work the place.

S. H. Erb has installed a steam heating system in his new home and it is certainly a fine thing.

Joe Easton has had his house remodeled and brick veneered. He is also installing heat and water systems.

Clover threshing is in progress in this neighborhood. The crop is turning out good, even better than the farmers had expected.

Robert Palmateer has rented the Chas. Nichols farm in Greenwood township.

Wm. Watson has rented his father's farm and is moving thereon.

Francis, second daughter to Simon Willy and wife, was married to A. Badley recently.

Mr. and Mrs. H. Palmateer of Greenwood, who were nearly suffocated by escaping gas from a coal stove some time ago, have recovered. Mrs. Palmateer was in a very bad condition for some time.

## A Happy Home

(Read What Peruna Did)

Mrs. James F. Summitt, No. 1008 East Eighth St., Muscatine, Iowa, writes:

"My health was so miserable for years that I was practically an invalid. We had no family, owing to my ill health. I was induced to give Peruna a trial, and found very quickly that it was helping me.

I am now well and happy. We have a Baby Boy. He is our first and only child.

"I am now well and happy. We have a baby boy, which we believe is the direct consequence of my improved health. He is our first and only child, and if Peruna had not cured me of my ailments we should never have had him. I hope every suffering woman will give Peruna a trial, the same as I have."

Those who object to liquid medicines can now procure Peruna Tablets.

Are wholesome, thorough cleansing and have a stimulating effect on the stomach, liver and bowels. Regulate your system, cheerfully and without any question whatever. After seeing the grateful relief it has afforded in hundreds of cases, which had been considered incurable, and which had been given up in despair, I know what it will do. I am so sure that it will do the same with others that I am not afraid to guarantee that it will relieve instantaneously. The druggists handling Asthmador will return your money if you say so. You are to be the sole judge and under this positive guarantee, absolutely no risk is run in buying Asthmador.

Persons living elsewhere will be supplied under the same guarantee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn.

We are revising the Expositor subscription list and would be pleased to have all who are in arrears to call and square up. A large number have come in the past week and we look forward for more to call the coming week.

## ASTHMA AND HAY FEVER

### A GUARANTEED TREATMENT

"I have arranged with Mathews & Wight so that every sufferer from Asthma, Hay Fever and Bronchial Asthma in Yale can try my treatment entirely at my risk. Dr. Rudolph Schiffmann announces. He says: 'Buy a 50-cent package of Asthmador or Asthmador Cigarettes, try it, and if it does not afford you immediate relief, or if you do not find it the best remedy you have ever used, take it back to Mathews & Wight and they will return your money, cheerfully and without any question whatever. After seeing the grateful relief it has afforded in hundreds of cases, which had been considered incurable, and which had been given up in despair, I know what it will do. ## THE "BUSINESS END" OF A STOVE IS THE FIREPOT

THE "ART GARLAND" FIREPOT "DOES THE BUSINESS."

IT'S THE easiest thing in the world to make a firepot WRONG—so easy that you'll find most all of them wrong—wrong construction—wrong principle.

For 70 years there has been no improvement on the actual "BUSINESS END" of a stove until this two-piece revolving firepot was placed in

"GARLANDS"

## LOOK AT IT!

NOTICE IT'S MADE IN TWO PIECES—That's to allow the air to pass into the fire instead of all coming in at the bottom.

HOT FIRE WHERE YOU WANT IT—At the outside edge instead of the middle, where you get little radiation from it.

THE LOWER PIECE REVOLVES—Just put the crank on, give it a turn, and the firepot is as clean as a whistle.

NO POKING—NO FUSSING—NO MUSS—NO DUST—WILL SAVE YOU A TON OF COAL EVERY YEAR YOU USE IT.
